

Product information

ADVANTAGES

- Easy assembly (no tools)
- Low weight
- Easy to transport
- **LED illumination**
- Interchangeable print (sublimation)
- Possibility of cleaning the print
- Great quality-price ratio
- Can be printed double sided

TECHNICAL INFO

- Transportation bag included
- Weight: 9-12 kg
- Estimated time of assembly: 10 min
- Number of pieces on a palette: 24
- Easy change of the prints
- Size of the package: 114x33x15cm

- Product size options: 85x200cm
100x200cm
100x250cm

ASSEMBLY INSTRUCTION

LIST OF ELEMENTS

no.	Element	Qty
1	Bottom vertical profiles	2
2	Top vertical profiles	2
3	Bottom horizontal profile	1
4	Top horizontal profile	1
5	Hanging bar	1
6	LED curtain	1
7	Print for the front	1
8	Transportation bag	1
	Print for the back (OPTIONAL)	1

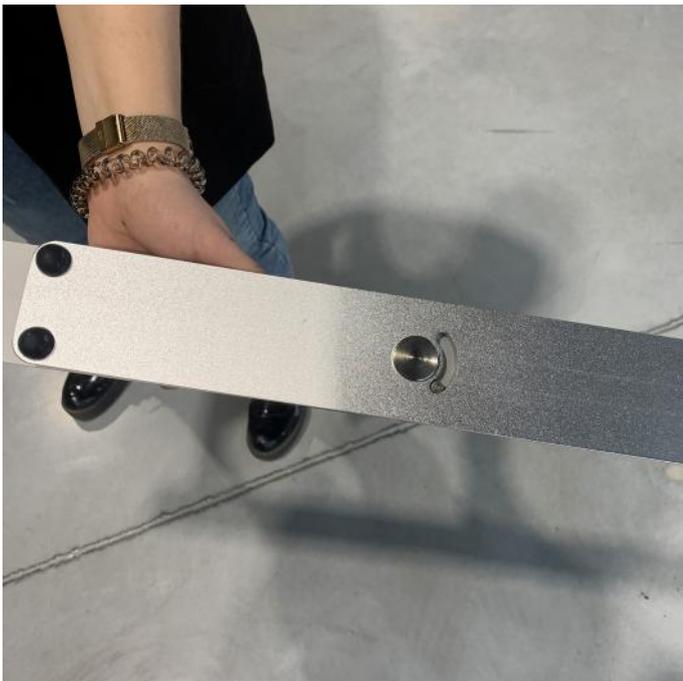

ASSEMBLY INSTRUCTION

1. Unpack the elements from the box and the transportation bag.

2. Unfold the feet at the bottom horizontal profile and put it on the ground.

ASSEMBLY INSTRUCTION

3. Slide in the bottom vertical profiles into the profile with feet and secure them with the quick locks in the bottom horizontal profile.

4. Then proceed with assembling top part of the frame analogically to the bottom, skipping the step with feet.

ASSEMBLY INSTRUCTION

5. Slide in the assembled top part onto the bottom profiles' connectors.

ASSEMBLY INSTRUCTION

6. Install the LED curtain in the inner sleeve on the back of the frame. (Back is the side with two sleeves on the edges).

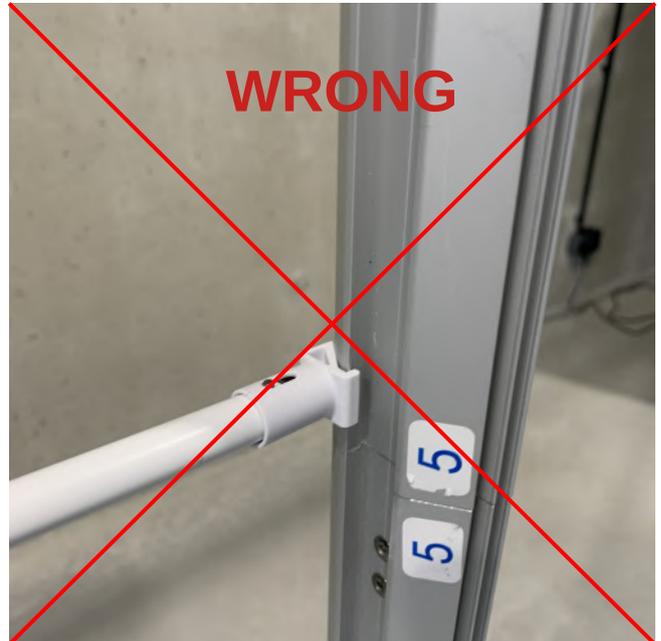

7. Plug in the curtain in the connection in the bottom profile.

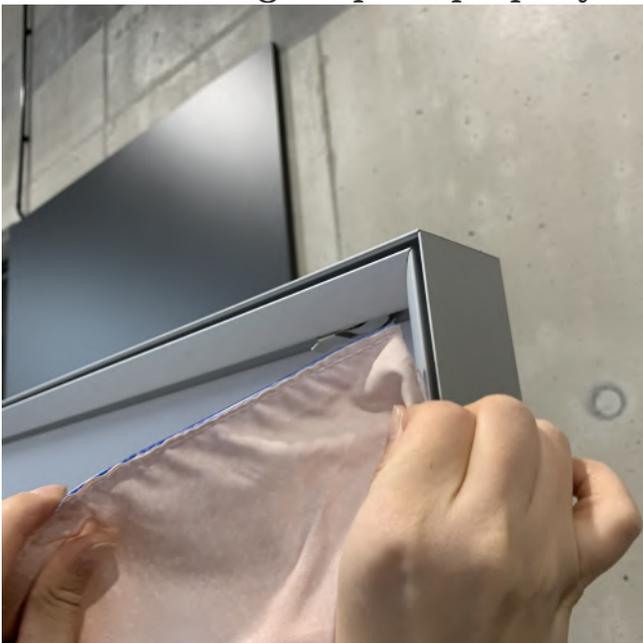

ASSEMBLY INSTRUCTION

8. Install support. Remember that curtain must be already installed.

9a. Install the front print starting with the corners, then proceed with top and bottom and at last sides. Make sure that you are inserting the print properly.

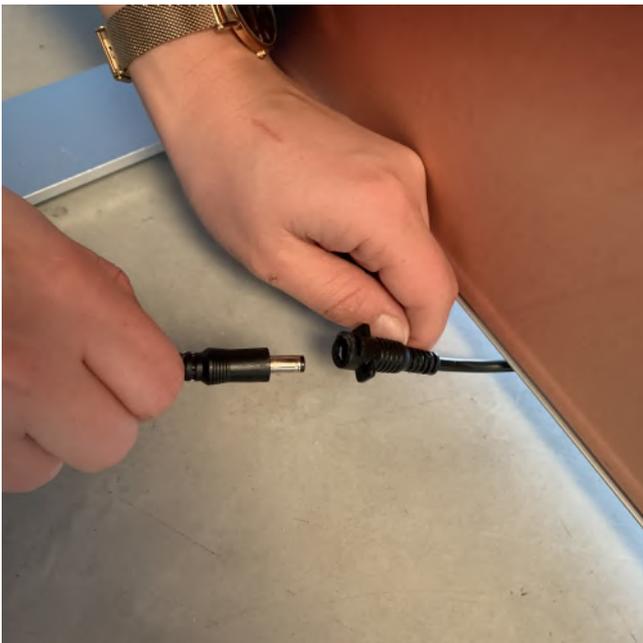

ASSEMBLY INSTRUCTION

9b. **OPTIONAL** – Install the print for back (non-illuminated) in the outer sleeves the way that print covers the LED curtain. Follow instructions from the previous steps.

10. Connect the cable to the lightbox and then plug it to the power.

ASSEMBLY INSTRUCTION

10. Product is ready for use.
